

GovBenefits.gov is a partnership of Federal agencies with a shared vision - to provide improved, personalized access to government assistance programs. GovBenefits strives to leverage the Internet in connecting citizens to government benefit program eligibility information, and utilizes GovDelivery® Email and Digital Subscription Management service to drive citizens back to their website when relevant information is updated.

GovBenefits.gov's NEEDS

1. Use the Internet to connect citizens to government benefit program eligibility information.
2. Streamline the process for email outreach by providing visitors with the ability to automatically opt-in or opt-out of updates, cutting down on the amount of time spent on list management.
3. Continue to add programs and increase the number of subscription items available to become the single source for Federal, state, and local government benefit programs.

SOLUTION

GovBenefits selected GovDelivery EDSM to automatically send email and digital alerts when information is updated on the website.

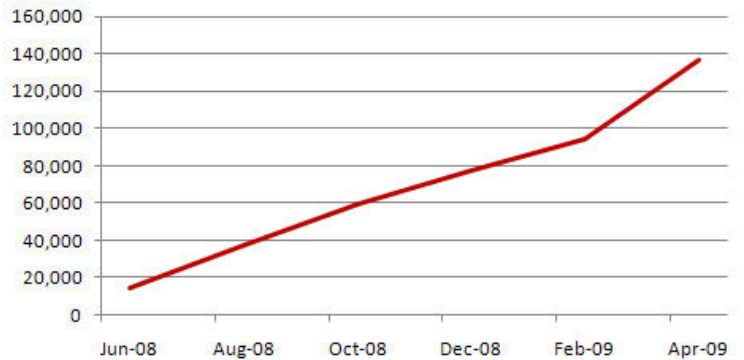

Web visitors click on links located throughout the site to register to receive specific alerts on more than 1,000 subscription items.

Visitors can now subscribe to specific pages of GovBenefits.gov information and receive instant updates when any changes are made to those pages.

RESULTS
