

The State of Indiana Gets Results with GovDelivery®

The **State of Indiana** launched GovDelivery® Email and Digital Subscription Management in an effort to expand its online services to make it easier for citizens to get the information they want and need. Indiana's "Subscriptions.IN.gov" service allows the state to reach out to the public proactively with automatic email, text message and RSS updates.

The **State of Indiana** is implementing GovDelivery email and digital subscription management solution state-wide, with the following agencies currently deployed (other agencies to follow):
