

Norwich City Council deployed GovDelivery® Email Subscription Management to improve government-to-citizen communication, which brings higher take-up of e-enabled transactions, better service, and lower communication costs.

NORWICH CITY COUNCIL'S NEEDS

1. Improve communication by informing interested citizens of city news and updates by email.
2. Offer updates on specific information as well as a general e-newsletter to proactively notify citizens of changes to the website.
3. Capture additional information on those visiting the website including affiliation with Norwich and reason for visiting the website.

SOLUTION

Norwich City Council selected GovDelivery, a web-based solution that monitors websites for content updates and automatically generates email alerts when changes are detected on designated webpages.

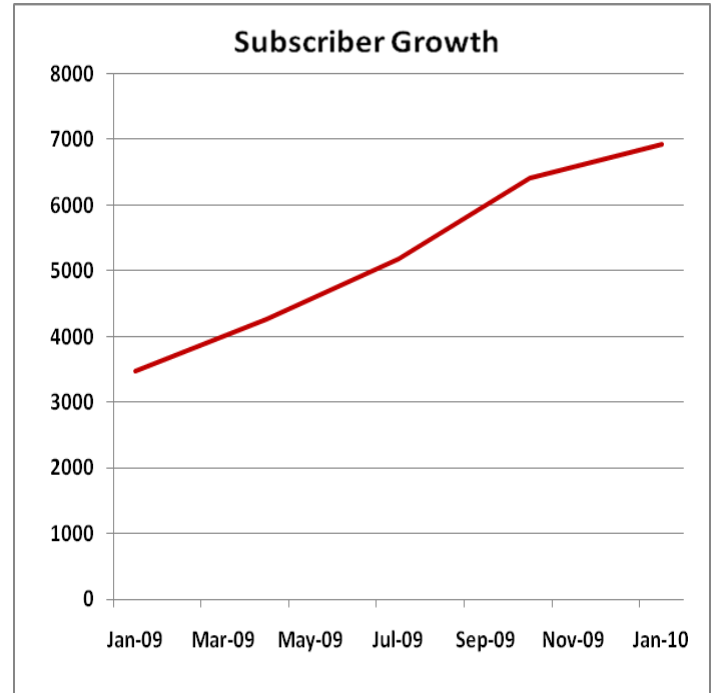

Web visitors click on links located throughout the site to register to receive specific email alerts.

Email is the most common use of the Internet.

RESULTS

Since launching GovDelivery in June 2004 Norwich City Council has:

- Sent more than **654,300 emails** telling subscribers of updated website information.
- Obtained more than **6,900 subscribers**.
- Gained the ability to communicate effectively with their citizens with minimal administrative oversight.
- Incorporated specific subscription items including:
 - Norwich Newsletter
 - Council News
 - Planning Applications
 - Council Consultations
